Insurance Plan	Amount	Out Of Pocket
Total Billed	\$	\$

—

Deductible	\$ (not met)	\$
------------	--------------	----

=

Remaining amount	\$	\$
------------------	----	----

If the above amount is **positive**, the remaining amount will be calculated with your co-insurance %. If the remaining amount is **negative**, the entire billed amount will remain and out of pocket expense and will be applied to your deductible.

Co-Insurance	%	\$
--------------	---	----

Max Out-of-Pocket	\$	
-------------------	----	--

After you pay your deductible amount, you will be responsible for the coinsurance % until you reach your out-of-pocket maximum.

Copay	\$	PCP	\$
Copays are paid each time you have an appointment. Copays typically do not apply toward deductible or max out of pocket. (check your policy)	\$	Specialist	
	\$	Surgery	
	\$	MRI/CT	
	\$	Physical therapy
